KEY SELLING POINTS

1

Comfortable interior with automotive-type controls: Stylish steering wheel, three-point seat belt with anti-cinch shoulder belt, left-side foot brake pedal/right-side foot accelerator pedal, center-mounted console shifter and parking brake lever, turn-to-start ignition switch, indicator lights and 12-volt accessory outlet.

2

686cc liquid/oil-cooled, four-stroke engine and light weight add up to an excellent power-to-weight ratio and great performance.

3

Industry-exclusive fully automatic Ultramatic® transmission with dual-range (Hi/Lo) drive and reverse is the most advanced drive system available. Maintains constant belt tension reducing wear, gives great throttle response and provides industry-exclusive all-wheel downhill engine braking.

4

Industry-exclusive three-position On-Command® In/Out 4WD feature lets you switch between 2WD, limited-slip 4WD and fully locked differential 4WD—all with the simple push of a button.

5

Fully independent four-wheel suspension: double wishbones front and rear deliver 7.3 inches of wheel travel and 12.1 inches of ground clearance; five-way preload-adjustable shocks provide amazing comfort while navigating rough terrain.

6

Thick bucket seats and that great long-travel suspension system work together to provide the smoothest ride in the industry.

7

Designed, engineered, and assembled in the USA.

8

The Sport Edition is ready to go with fully adjustable piggyback shocks, one-piece cast aluminum wheels, injection-molded sun top, over fenders, and Baja-inspired front carry bar. Also included are dealer-installed LED tail lights, brushed aluminum shift knob, and cargo bed rails.

FEATURES & BENEFITS

ENGINE:

- 686cc engine puts out a broad powerband. Four-valve head with 9.2:1 compression bumps power and efficiency.
- Electronic fuel injection ensures peak performance in nearly all conditions and elevations, along with instantaneous cold starts.
- Four-wheel disc brakes provide unsurpassed stopping power, and the parking brake is super-convenient.
- Dual-range (Hi/Lo) drive with reverse taps into more pulling power in low and more performance in high.
- Console-mounted dual-range (H/L/N/R) shift lever provides positive Ultramatic® transmission operation.
- Sealed drive case keeps out water and debris, and a hand-operated side cover drain is available in extreme circumstances.
- Specially designed full stainless-steel exhaust system features aluminum heat shields and a screen-type spark arrester for superb power characteristics with minimum noise output.
- Large-capacity aluminum radiator and oil cooler with fan-assist delivers maximum cooling efficiency and is positioned high in the frame for optimal protection.
- Specially designed drive system air intake vent helps prevent overheating and assists in keeping water and mud from entering the drive case.

CHASSIS/SUSPENSION:

- Steel frame is lightweight and features outstanding durability with superior rigidity for superb handling.
- Light, responsive rack-and-pinion steering features a fully sealed steering column and double U-jointed steering linkage for smooth operation and class-leading turning radius—even in 4WD.
- 12.1-inch ground clearance delivers maximum underbelly protection while enhancing terrainability.
- Low-maintenance front shaft drive features gear case and electronic servo-activated 2WD/4WD/Diff Lock via the On-Command® system. Direct rear shaft drive eliminates the U-joint for greater durability and more efficient power transfer at all rpm.
- Heavy-duty CV joint guards protect against rock and debris damage.
- Standard center-mounted, heavy-duty 2-inch receiver-style hitch can tow more than 1200 pounds.
- Tough, rotomolded doors keep mud, water and dirt on the trail where they belong.
- Stamped steel dump bed is rated to haul 400 pounds of gear, with a latch that opens from either side.
- Aggressive Maxxis® tires offer great traction, longer life and a comfortable ride.

ADDITIONAL FEATURES:

- Equipped with two cup holders for even greater creature comfort.
- Digital instrument panel boasts multifunction LCD display with speedometer, odometer, dual tripmeter, hour meter, 4WD status, transmission position, clock and fuel gauge.
- Integrated, easy-to-read fuel gauge makes it easy to keep track of your fuel supply.
- Large, specially designed seats are extra plush and supportive for all-day driver and passenger comfort.
- Dual 30-watt multireflector Krypton bulb headlights with high/low beams feature stylishly sleek cat-eye design; dual 5-watt/21-watt tail/brake lights.
- Large, 7.9-gallon fuel tank allows for long rides.
- Maintenance-free battery provides power, even in cold weather.
- Under-hood, tool-free air filter is a snap to service.
